
Rebecca Jensen • MRED • President & CEO

Rebecca Jensen is the President/Chief Executive Officer of Midwest Real Estate Data LLC (MRED), the real estate data aggregator and distributor providing the Chicagoland multiple listing service to over 45,000 subscribers. MRED is a recipient of the Inman Innovator Award for being the Most Innovative MLS/Association.

Rebecca has worked in the MLS industry since 1998, and has spent over a decade as an MLS CEO. She graduated summa cum laude with a bachelor's degree in computer science, and she has also earned an MBA in technology commercialization from Westminster College. She serves on the Boards of the Broker Public Portal, the Council of MLSs and she is the Board Chair of The MLS Grid. She also serves on committees for NAR, Illinois Realtors, realtor.com, COVE MLS Group and Upstream. Previously, she served six years (four as Chair) on the Board of the Real Estate Standards Organization (RESO).

Rebecca has been recognized by Inman News as one of the 100 Most Influential People in Real Estate, and by Swanepoel as one of the 200 Most Powerful People in Residential Real Estate. She has also been honored with WCR Chicago's Elevate Award.
